

Community Fitness Center Keystone High School, LaGrange 2016

Address:

580 Opportunity Way
Lagrange, OH 44050

About:

The Keystone Local School District added a community fitness center in the high school building.

During the school day, students use the weight room for physical education classes and athletic team practices. In the evenings, community members may use the equipment at no cost.

For LaGrange resident, Tony Stefan, the weight room has been a great asset to his health:

“The community views the weight room as a great thing, and there is always someone using the facility. When comparing the current weight room to the previous one, it is night and day. There is more updated equipment now.”

Grantee: Keystone Local School District
