

BOARDWALK AND COVERED BENCH OBERLIN PRESERVE

About:

Since its opening in 2020, hundreds of residents have visited the Oberlin Preserve. Visitors can experience blooming wildflowers, migrating monarchs, and numerous bird species at the preserve. To enhance accessibility and make sure these beautiful natural resources are available for all, using the Healthy Places Grant the Western Reserve Land Conservancy:

- Installed a covered bench in the open prairie
- Installed a boardwalk through the wettest area in the woods on a brand-new trail

The Western Reserve Land Conservancy plans to continue developing the preserve's accessibility features on trails to enhance visitors' experiences!
